

PRODUCT SUMMARY SHEET

URBAN LAND COVER FOR 29 CITIES & TOWNS in SA (2.5 m):

The *Urban Land Cover* raster data sets provide detailed urban land cover information for 29 cities & towns across South Africa.

The data set contains interpretations of the urban extent, transportation routes, water features, urban open spaces and other important land cover features.

The land cover data is also available as a vector data set which summarises the primary, secondary and tertiary land cover types per EA. The percentage land cover coverage in each of the 3 categories is also reported.

Land Cover Data

CORE QUESTIONS:

- What land cover classes occur in these cities and towns?
- What is the primary, secondary and/or tertiary land cover class per EA?
- What percentage of an EA is covered by the primary, secondary and/or tertiary land cover class?

Port Elizabeth (Nelson Mandela Bay)

Coverage:	29 Major Cities & Towns in SA
Unit of sale:	Provincial, District,
Format:	Vector Polygons & Raster
Deliverable:	2.5m Raster data set STATS SA 2011 EA polygon boundaries with applicable attributes
